Presentation of The Inclusive Infovictims Project | 28 January

The Portuguese Association of Victim Support promotes the presentation event of the inclusive Infovictims Project, on January 28, at 11 a.m.

This will be a moment to share the results of the projects, which allow people with visual and hearing impairment, victims of crime, to have access to the information and tools necessary to act in case of violence or crime, thus promoting their autonomy and training.

The event will be broadcast on APAV YouTube channel and Facebook page and is aimed at Public Minister magistrates, judges, other judicial operators, agents of security forces, representatives of civil society organizations, Academy members and to the public.

Join us and take the opportunity to discover an innovative project in Portugal that will safeguard the protection of the people with visual and hearing impairments, victims of crime, reducing the negative effects and consequences of the victimization experience.
