

Victim Support
Europe

Pledge for Candidates in the EU Elections 2024

I pledge, if elected to be a Member of the European Parliament, to promote victims' rights and help build an inclusive future for all victims of crime in the European Union (EU).

I also commit to helping achieve the goals of the VSE Manifesto on the European Elections 2024, notably by ensuring that:

- Victims are included and at the centre of the EU response to crime, security and justice and reflected across all EU Policies including on mental health, education, economy, digitalisation and global affairs;
- Victims are effectively and adequately supported, by ensuring that Member States put in place national frameworks for comprehensive support and safe justice systems;
- Robust legislation and policies for all victims of crime are introduced at EU level and are fully implemented by Member States;
- Sufficient and appropriate EU budget is foreseen for efforts that affect all victims of crime

Name: _____

Email: _____

Country: _____ **Party:** _____

I certify that I am an official candidate in the June 2024 European Parliament Elections.

Signed: _____
