- Supported 11+ million victims; reached 1.6 million people through campaigns.
- Influenced EU & Council of Europe policies, delivered 17+ trainings, 14 webinars, and 9 workshops.

2

Building on Our Progress

- Evidence-based approach integrating members' expertise and victims' lived experiences.
- Platforms for victims and youth engagement strengthen advocacy and innovation.
- Focus now on translating knowledge into practical, systemic reforms.

3

Guiding Victim Support Through a Fast-Changing World

- Strategy positions victims at the centre of policy, services, and advocacy.
- Ethical technology and AI used to strengthen prevention, early detection, and adaptive support.
- Ensures agile responses to evolving victim needs across Europe.

4

Evolving Risks that Shape Victims' Realities

- Digital & AI-enabled crimes: Cybercrime, online exploitation, AI-generated abuse.
- Gender-Based Violence & Child Exploitation: Persistent systemic gaps.
- Organised crime & societal threats: Hate crime, extremism, disinformation, polarisation.
- Resource constraints: Fragmented, short-term funding limits support.
- Implementation gaps: Rights exist on paper but are unevenly applied.
